COOKIE DISCLOSURE

Cookies are created by the websites you visit which use cookies, and are small text files placed on your computer or by certain emails which you open. Cookies are used to improve user experience, make the website work, enable site security and provide the business with marketing information about the site's visitors.

The Cookie text files comprise numbers and letters. The cookie files are saved into special areas in the memory of your computer or mobile device. Cookies stored here are called session cookies with cookies placed into the hard drive called persistent cookies.

The F cookie disclosure provides the user with information on which cookies are set when you visit Meta Markets website and how to reject or delete those cookies.

Uses of cookies

Websites use cookies to provide the functionality you need to browse our site correctly. Websites issue cookies upon landing on our websites, unless the user has changed cookie settings in their browser to refuse cookies. Please note that with cookies switched off, many areas of our website and services will not be made available to you.

We do not use cookies to collect personally identifiable information about you – the cookies that we use only collect anonymous information to optimize our services and do not collect personal information.

Please note that not all the cookies on our sites are set by us. Please see the section below on third party cookies.

TYPES OF COOKIE

Session cookies	Analytical cookies
Functional cookies	Third party cookies

1. **SESSION** cookies save website 'session' credentials for visitors both logged in and not logged in. Once the browser is closed, the cookie is deactivated – and the session closed.

2. **ANALYTICAL** cookies collect visitor information, such as the number of visits, how our website was found, from where the visit came from, if via a marketing campaign etc. This information is extremely important to the business and helps us improve our website and further enhance visitor experience.

3. **FUNCTIONAL** cookies are specifically about visitor experience on the website. For example they 'remember' the open/closed status of pop up messages, what time zone or view state was set for the Economic Calendar, enabling access to information stored when registered with us and so on. Without these functional cookies, no settings information can be saved.

4. **THIRD PARTY** cookies are set by other websites who place cookies on the user's computer. The "3rd party" cookies are placed when you are logged into their service, and we do not control the dissemination of these cookies.
